TREASURER'S REPORT

M Elliott gave the financial report. Income and expenses were reviewed. Tentative budget for 2013/14 was presented as an informational item. Everyone was encouraged to review the tentative budget prior to the next meeting. At the next meeting we can discuss any questions, revisions and vote on the budget for the new year beginning Oct 1st.

CAMPUS ISSUES

Floor opened for discussion regarding any issues.

- Questions regarding how soon vacant positions will be back filled. How many temps will be brought in to cover?
- Serious concerns about getting all the work done.
- In addition to vacancies, there are people out sick and/or on vacation. Excessive absences put burden on crew.
- Inequality of workloads
- Special requests to do extra cleaning assignments, takes them off their regular runs
- Suggestions are unwelcomed
- A lot of people afraid to speak up

Rob Brobst met with them in April with the intent of meeting once a month. That has been their only meeting so far.

Several people would like to meet with supervisor, management and union reps to discuss the above concerns.

Suggestion made that Luukia Smith could bring up staffing concerns at College Council.
